

DSC 430: Python Programming
Assignment 0602: Surf CDM

What are the 25 most common words on the CDM website? Write python code to answer this question.

Record a three minute video in which you run the code. Then, present your code. Specifically, answer the following questions:

- Show how you extended HTMLParser.
- Show which methods you overwrote.
- Show how you restricted your search to webpages at CDM.

Submission: Submit a single .py file containing all the code to the D2L. Do not zip or archive the file. Your code must include comments at the top including your name, date, video link, and the honor statement, "I have not given or received any unauthorized assistance on this assignment." Each function must include a docstring and be commented appropriately.
